### Description

Each year, ACE Expositions bring together over 1,800 attendees including leaders in business and higher education to showcase and celebrate the achievements of Canada's future business leaders and entrepreneurs. Annual competitions involving student teams and student business owners are the foundation of all ACE Expositions.

Through rounds of live presentation based competition, students communicate their community focused projects and/or their entrepreneurial ventures to panels of top executives who judge and determine champions of five competitions; HSBC SIFE Financial Education Challenge, TD SIFE Entrepreneurship Challenge, Wal-mart SIFE For the Greener Good Challenge, Student Entrepreneur Competition and the Students In Free Enterprise Competition.

Additional programming at each event provides donor companies with the opportunity to connect directly with students for recruitment and networking purposes.
